THE PERFORMANCE OIL THAT OUTPERFORMS®

Duralec® Super™ 15W-40 combines premium base oils with proprietary additive technologies to create high performance motor oils that optimize engine performance and provide superior protection. No special procedures are necessary when upgrading to Duralec Super. Duralec Super motor oil is fully compatible with mineral or other synthetic oils. Royal Purple recommends waiting until the manufacturer's first scheduled oil change or a minimum of 6,000 miles in new diesel engines before upgrading to Duralec Super.

Royal Purple recommends for use in a variety of heavy-duty applications including over-the-road trucking, agriculture, construction and mining. Duralec Super 15W-40 is suitable for diesel engines that specify the use of a SAE 15W-40 motor oil.

EXCEEDS MANUFACTURERS' WARRANTIES

Duralec Super 15W-40 meets API Service CK-4, CJ-4, CI-4 Plus, CI-4 warranty requirements for diesel engines. It also meets Cummins CES 20086; Detroit Diesel DFS 93K222; Mack EO-S-4.5; Volvo VDS-4.5; CAT ECF-3; Ford WSS-M2C171-F1; ACEA E9-16; Daimler MB 228.31; Renault RLD-4; MTU Type 2.1; Deutz DQC III-10 LA; and JASO DH-2.

CAUTION: Keep out of reach of children. Continuous contact with used motor oil has caused skin cancer in lab animals. Avoid prolonged contact. Wash skin thoroughly with soap and water. Launder or discard soiled clothes.
