

Instructional DVD

Both novice and advanced Do-It-Yourselfers will gain valuable knowledge as they learn the steps the pros use to maintain a vehicle's suspension system properly and do it right the first time.

SHOCKS & STRUTS

- Identify suspension components and what they do
- Inspecting the suspension system
- Installing new shock absorbers
- Follow step-by-step instructions for replacing struts

Hosted By:
Bruce Bonebrake

With over 35 years of experience, Master Automotive Technician Bruce Bonebrake has 12 ASE certifications to his credit. In addition to hosting his own cable network "how-to" program, Bruce is co-founder, managing editor and technical writer for an automotive repair website. Bruce gives practical, easy to follow advice on a wide range of service topics.
