Application: Application: Aplicación:

Cadillac Catera

Location of cabin filter:

In front of the windshield under the cowl vent screen on the passenger side of the vehicle.

To remove existing filter:

1. Release and open hood.
2. Lift the engine compartment rear seal and pull it back far enough to be able to lift and open the grill flap.
3. Unhook both retaining clips that secure the filter in place.
4. Slide the filter toward the front of the car and then pull the filter straight out.
5. Reverse procedure to install new filter.
