Boletín de Instalación

08-08

Application: Application: Aplicación:

Volvo 850, C70, S70, S90, V70, V90

Volvo 850: (in some cases, the cabin filter may not be fitted as standard in 850 models. The vehicle manufacturer's installation kit is required for first-time installation of the cabin filter in the vehicle.)

Location of cabin filter:

Inside the filter compartment behind the strut mounting on the passenger side of the vehicle.

Tools:

Unknown or not required.

To remove existing filter:

1. Remove the drain hose and the three screws.
2. Unfold the upper section of the filter cover and insert a support to hold up filter cover.
3. Remove the dirty filter and replace with new filter.
4. Reverse the procedure to install new filter.
