Application: Application: Aplicación:

Audi A6, Quattro

Location of cabin filter:

The filter is located on the right under the cover of the heater fan.

To remove existing filter:

1. Remove the windshield wiper arms.
2. Remove the four mounting screws from the cowl trim.
3. If necessary, remove the battery holder and push the battery in the direction of the wing or remove (depending on battery size).
4. Raise clamp A and remove filter B from adapter.
5. Insert new filter and reverse procedure to complete installation.

Important note: *To prevent water from running onto the filter, make sure when re-installing the cover that the cover is not damaged and is properly mounted.*
