Application: Application: Aplicación:

Lexus LS430, GS430, GS300, SC430

Location of filter:

Behind the glove compartment, behind the cabin filter access door on the passenger side of the vehicle.

Tools:

Unknown or not required.

To remove existing filter:

1. Open glove compartment and locate the mini-shock or cable located on the right side of the glove compartment.
2. Remove the mini-shock or cable and push in on both sides of the glove compartment to release the glove compartment stops and swing the glove compartment downward.
3. Locate and remove the cabin filter access door by pushing in on the clips on both sides of the door.
4. Remove the dirty filter and replace with clean filter.
5. Reverse steps 1 thru 4 to complete installation.
